

# ONERugged Kiosk Mode APP

ONERugged Kiosk Mode APP has functions such as usage restriction, which can help administrators to limit the programs or services available to device users, helping to streamline interaction, improve productivity, and enhance security. It is suitable for retail, logistics, hospital, education, hotel, and other user scenarios.

Set by Admin Mode only

Import / export software configurations

Manage application permissions on devices

Complete in a few simple clicks

- Works on all Android models of ONERugged
- Supports programs or shortcuts for non-desktop display
- Supports completely disabling programs or shortcuts
- Supports import and export software configurations, facilitating batch deployment
- Supports Notification Bar Settings on devices, such as hiding the Notification Bar
- Supports Display Settings on devices, such as setting Kiosk wallpapers
- Supports Security Settings on devices, such as disabling external storage devices
- Two modes are supported: Admin Mode and User Mode. Only administrators have permission to perform related operations
